

## MOUNTING KITS AND CLAMPS

Air blow-off devices must be properly aimed to be effective. The blow-off air should be directly targeted at your product's surface to optimize your process.

Maxum has developed a unique "Multi-Clamp" system which includes clamps specifically designed for Air Nozzles, Air Knives, and our Nozzle Bar® System.\*

With the ability to order individual components or pre-made kits, Maxum provides a wide variety of mounting solutions to fully optimize your blow-off system.

\*U.S. Patent #8,814,067. Other patents pending

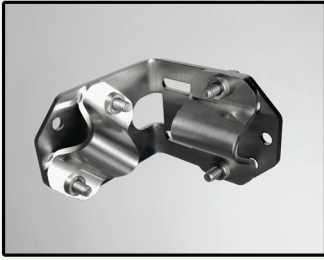

**Maximum Performance..... Less Hype.**

# Mounting Kits and Clamps

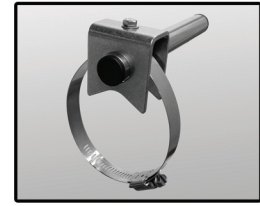

Multi Clamp  
LA00017

Tube Clamp A

3"      2"

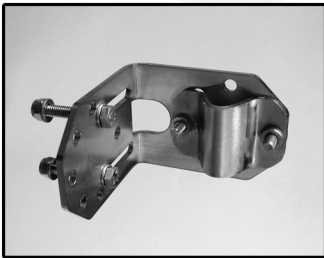

Short	LA00019	LA00040
Medium	LA00020	LA00041
Long	LA00021	LA00042

Tube Clamp B

3"      2"

Short	LA00024	LA00043
Medium	LA00025	LA00044
Long	LA00026	LA00045

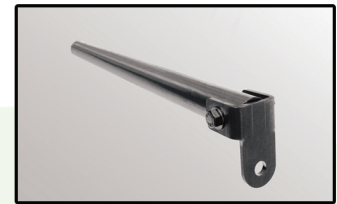

Multi Clamp Base  
LA00018

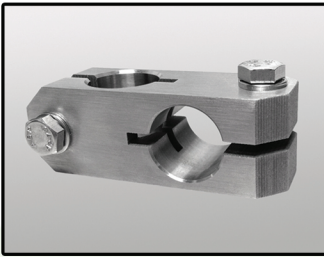

End Clamp A

Short	LA00007
Medium	LA00008
Long	LA00009

End Clamp B

Short	LA00037
Medium	LA00038
Long	LA00039

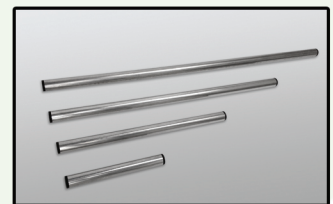

Cross Clamp  
LA00001

Air Nozzle Kits

3"      2"

Standard A	LA00035	LA00056
Standard B	LA00036	LA00057
Basic A	LA00033	LA00054
Basic B	LA00034	LA00055

Support

6"	LA00010
9"	LA00014
12"	LA00011
18"	LA00012
24"	LA00013

Nozzle Bar® and Air Knife Kits

3"      2"

Standard	LA00016	LA00053
Basic	LA00015	LA00052
